

Publications & Presentations

Impervious Surfaces: Stories from the Field

CT User Meeting, February 2014
NEAR Spring Conference, Amherst MA, May 2014
GIS-PRO, New Orleans LA, Sept 2014

LiDAR Data: Return on Investment

NEARC Spring Conference, Amherst MA, May 2014

Everything You Need to Know About LiDAR Accuracy in 30 Minutes or Less

Mid-America Geographic Information Consortium, Kansas City, KS, April 2014

Know Your LiDAR

Vermont Center for Geographic Information Webinar Series, February 5, 2014
GIS for Government Conference, Washington DC, May 15, 2013
Pictometry User Group Meeting, Hartford, CT, June 2014

Modeling Natural Systems with Geographic Data

Bard College Center for Environmental Policy Graduate Student Symposium, Bard College, May 2013

Beyond Contours: How To Do More With LiDAR

Pictometry FutureView 2012, San Antonio TX, October 2012

Mapping Impervious Surfaces & Tree Canopy with LiDAR

Mid-America Geographic Information Consortium, Kansas City, KS, April 2012
Pictometry FutureView 2011, San Antonio TX, October 2012

Introduction to LiDAR for Engineers & Surveyors

6 hour PDH Seminar, Half Moon Seminars, Albany NY, June 2011

Introduction to Airborne LiDAR

4 hour Seminar, 2010 NYSGIS GIS Conference, Saratoga Springs, NY, October 2010

Practical Considerations for Integrating LiDAR DEMs with Legacy Hydrographic Data

AWRA 2010 Spring Specialty Conference: GIS and Water Resources IV, Orlando, FL, March 2010

Practical Applications of LiDAR Data

Ohio State GIS Annual Conference, Columbus, OH, September 2009
Pictometry FutureView 2009, Orlando FL, October 2009

GIS in Riparian Buffer Analysis: A Practical Approach to using the Riparian Buffer Delineation Equation

New York State GIS Annual Conference, Liverpool, NY, October 2008

Water Quality Screening Tools: A Practical Approach

3rd Interagency Conference on Research in the Watersheds (ICRW3), Estes Park, CO, September 2008

GROUNDPOINT
TECHNOLOGIES, LLC

Publications & Presentations

The Finger Lakes Watershed Environmental Network (FlowEN): A Web Services Based Approach to Environmental Monitoring Data Management

3rd Interagency Conference on Research in the Watersheds (ICRW3), Estes Park, CO, September 2008

A Practical Application of the Riparian Buffer Delineation Equation (RBDE)

2008 AWRA Summer Specialty Conference, Virginia Beach, VA, June 2008

Introduction to Remote Sensing

New York State GIS Annual Conference, Rochester, NY October 2007

The Hydrologic Dashboard: Accessing & Visualizing Web Services to Support Water Resources Management

NOAA Coastal GeoTools 07, Myrtle Beach, SC, March 2007

Assessing Lake Water Clarity of Water Bodies in New York State Using Landsat Imagery

New York State GIS Annual Conference, Lake Placid, NY, October 2006

Decision Support System Technologies for Water Resources Management

NYC Watershed Science and Technical Conference, Fishkill, NY, September, 2006

Understanding GIT for Decision Makers: LiDAR & Remote Sensing

Central New York American Planning Association Annual Conference, Auburn, NY, September, 2006

Comparison of IFSAR & LiDAR Technologies for Local Government Applications

Proceedings of the Soil and Water Conservation Society Annual Conference, Rochester, NY, August 2005

New Technology Training Session: Understanding LiDAR

New York State Conservation District Employees Association Annual Training Session and Water Quality Symposium, Rochester, NY, March 2005

Remote Sensing Tools for Watershed Analysis

USGS Conference on "New Tools, Techniques and Approaches in Watershed Management", Geneva, NY, November 2004

GIS in Support of Humanitarian Operations in Afghanistan

New York State GIS Annual Conference, Albany NY, September 2003

Strategies for Implementing Internet Based GIS in Local Government

NYS Archives and Records Administration, Albany, NY, June 2000

GIS in Support of Farmland Protection

New York State GIS Annual Conference, Albany NY, September 1999

Analysis of Strategies for Integrating Environmental Models with GIS

GIS 96, Proceedings of the 10th Annual Conference on GIS, Vancouver, BC, Canada, March 1996
